Keeping Up - - With Uplanders

By V. V. P.

MRS. GALENTINE RETIRES

Without Mrs. A. W. Galentine, The Upland News will be different. For 15½ years, she has given wholeheartedly of her interest and efforts in helping publish this community's newspaper.

This is her last issue with The News. And it isn't a happy week for us.

A month ago we were shocked when she told us: "This is my last month."

Her role has been very, very important in nearly all phases of the newspaper. Her official title has been that of "society editor," but her interests were in all departments, including bookkeeping. She handled our bank depositing and we believe that detail pleased her more than anything else.

On very rare occasions, we had a little larger deposit than usual. And what a thrill that gave her! And once in awhile, payment was received on a long over-due account. From her expressions, one would naturally think she received 100 per cent of that as a collection bonus.

Nothing of the kind—she was just naturally interested in the paper's welfare and she knew how very important were all operations of the paper.

Likewise, with news stories and everything else, she seemed to "live for The News."

And now she is retiring. She surely deserves years of relaxation and the time to do as she chooses in visiting her sons and daughters, in traveling in reading and doing anything she chooses.

Personally, we will miss her greatly. For 15 years, she has been our very able assistant. We greatly appreciate her untiring help, her suggestions and deep interest in the paper's welfare.

SIDENFADEN'S ROLE

W. R. Sidenfaden, who is president of the national association of liquified gas dealers, is going to have a very important part in national civil defense plans in the future. He will be in the thick of the atomic tests in Nevada soon for the purpose of determining what the "canned gas" industry can do in meeting the emergency when the natural gas lines and the power lines are disrupted.

In case of enemy attacks, it will be very necessary for his industry to provide fuel for food for the masses. And so he and other leaders in the industry will be on hand when and if the big test is finally held.

Mr. Sidenfaden is head of the Suburban Gas Service, with head offices in Upland and with plants in 23 other California and Arizona communities.

WE MADE IT

It is amazing how completely the clock controls our lives.

"Set it ahead," we are told. And so we do—that is, we did but we know of quite a few people who forgot it. In the fall, the clock hands will go back—and everyone will sleep an hour longer.

Whether we like the idea, the fact remains that our lives are regulated by the turn of the clock.

TOO LONG, TOO LITTLE

Many hundreds of local fishermen are going to be after their limits Saturday morning. And many hundreds of us will not pay any attention to the opening of the season.

Bill Walton expressed it for us: "It is a case of working too hard and getting too little."

"Back home," he explained, "we lived half a mile from a river and within 20 minutes we could get the limit of bass regardless of the kind of bait used."

Our fishing experience is very limited. We never really got the fishing fever. We will go quite a distance to see an athletic event but we can pass up fishing very, very easily.

HISTORIC FIRMS

Walter Allen and John Palmer have something in common. They have been in continuous business in the same locations longer than any other local firms. Mr. Allen is head of the Upland Transfer & Storage Co. He used teams and wagons when he started out half a century ago. Mr. Palmer is the pioneer sporting goods dealer. He has been in the same location 44 years, eight months.

THE MOTOR FAILED

The final end in any newspaper is excellent printing and the best possible content.

As to the content, that is always under our control—but not the press production. We hasten to apologize for what was sent to you last week. Thanks, to the Puente Journal and Don Hewitt, local electrician, we were able to make the mailing deadline and we are very grateful for the willing cooperation of all people concerned. A big, trusty motor, failed to respond on schedule.

We do appreciate everyone's consideration.

Planners To Study 22-Lot Subdivision

A subdivision application by Ronald Ingold will be presented to the planning commission tonight for study on 22 lots south of Base Line Rd. starting 150 feet east of Euclid Ave.

Building At Million Dollar Mark

Average Cost Of Houses Is $4,000 Higher Than One Year Ago

Average cost of new residences being built in Upland since Jan. 1, 1955 is $4,000 more than was the average new residential outlay a year ago, it was revealed yesterday in a recapitulation of figures in the office of Building Inspector Richard Derby.

The four month total is $1,013,028, almost double the building permit total for the same period in 1954.

Fifty three new houses have been started in Upland this year with a total valuation of $675,800, or an average per house of $12,750. During the four months of last year, the residential construction totaled $309,690, an average of $8,600 for each house. Reason for the $4,000 higher average cost is a slight increase in cost of construction but primarily due to more expensive and larger units. Only four new houses started here this month were below the year's average.

Permits were issued this week for three new houses, including those for Mr. and Mrs. Martin Karavanic, 1340 North First avenue, for $16,000; for Mr. and Mrs. J. J. Jakobic, 1168 North Laurel avenue, $18,000 and a triple for Mr. and Mrs. W. Earl Scritchfield at 277 South Third avenue.

C Street Work Nearly Ready For Celebration

C street extension is "almost finished."

That was the report today from the Laird Paving Co. and Upland city officials.

Most of the paving from the Third avenue entrance has been completed but cement work and additional paving remains to be finished west of Campus avenue. Tentative plans are being made for a brief celebration when the thoroughfare is ready for use.

Extension of the street from Third to Campus is part of the improvement program in connection with the Carl M. Buck development. Mr. Buck purchased the property from the city. Extension of the street was part of his purchase price.

No date for the celebration can be set until a completion date is known.

Misses Dog, Wrecks Car In Mishap On Foothill Boulevard

David A. Barber, 36, El Monte missed the dog but wrecked his car.

He told police he was westbound on Foothill Blvd. near Campus Ave., at 12:45 a.m. Saturday when he swerved to miss a dog crossing the road. He said the wheels of his car ran onto the soft shoulder and he lost control.

The car careened off the boulevard and hit a power pole a glancing blow.

Three Postmasters At San Diego Conference On Mail Problems

Three postmasters from this area were in San Diego over the week end for a regional meeting for a discussion of mail handling problems.

Roy A. Ray of Upland, Anton Blatnick of Cucamonga and C. E. Hogancamp of Alta Loma were present for the conference.

Architect Talks On Home Changes

Amos Randall, who is an architect, was the speaker at the Wednesday Rotary luncheon meeting, at the Upland Woman's clubhouse. His talk on "Our Changing Homes," included historical customs, climate and materials and their changing uses. He also dealt with changing house designs. Al Teuber was the program chairman.

When Is It Going To Start Hurting?

Janis Parker, 7, 1164 Winston Ct., was one of the first to be inoculated with Salk polio vaccine Monday at Sierra Vista Elementary school. She awaits, with some trepidation, the ministrations of Dr. G. A. Chalfant. Miss Janet Johnson, left, public health nurse, was one of the staff helping with inoculations for first and second graders.

No Dangerous Reaction From Recent Polio Shots Expected Here

"Although the Salk polio vaccine prepared by the Cutter Laboratory has been temporarily withdrawn from use we do not anticipate any dangerous reaction for any of the children already inoculated with this vaccine in San Bernardino county," Dr. Merle Cosand, county health officer, said late yesterday.

"Several cases of minor reaction have been reported but this could have happened with any type of inoculation. No doctor has yet said he believes he has a patient with polio," the medical officer said.

Two cases of mild reaction have been reported in Upland since shots were given Monday, with one of these children returning to school the following day, a member of the city health department staff said.

'In either case the reaction could have been caused by a tetanus, or any other type of shot. One case was of bad headache following the inoculation Monday," the health department spokesman said.

Six cases of polio have been reported following shots in an area that ranged from Ventura to Napa and two in San Diego. These were reported within four to eight days following inoculations instead of the usual seven to 14 days, Dr. Cosand said.

Out of 356 first and second graders in Upland registered for the shots, 13 were absent because of illness or other reasons. Inoculations were adminstered to 343 children, Dr. Cosand said.

Through out the entire county between 250 and 275 children registered for the inoculations were out of school on the day shots were administered. Most of these were absent because of illness, with measles the reason in most cases, Dr. Cosand said.

In Upland 456 children are registered in the first and second grades. Shots were approved for all but 56 children in this grade bracket.

First inoculations for all Upland first and second graders were administered Tuesday in the Sierra Vista Elementary school cafetorium by Dr. G. A. Chalfant. He was assisted by Mrs. Pauline Crowell, county public health nurse from San Bernardino, and Miss Marjorie Mote and Miss Janet Johnson, Upland public health nurses.

Mothers of pupils and P-T-A members assisting were Mrs. Jack Lepoff, Mrs. Francis Wilson, Mrs. Leon Wheeler, Mrs. Floyd E. Shaler, Mrs. Robert Sherwood. Mrs. Robert Theall

Public Schools Week Presentation Tonight; Pupils Highlight Program

Supt. Harold Cook

Harold Cook, superintendent of Upland Elementary school district, will be the speaker at the Upland elementary school auditorium, tonight at 7:30 o'clock on the occasion of the 36th observance of Public Schools Week.

Michael J. Hanna, worshipful master of the Upland Masonic lodge, sponsors, will welcome guests. Dr. Ralph Lee, will give the invocation.

Jesse Jenson, principal of Sierra Vista school will act as master of ceremonies and the program will have many numbers in which children of the school district will participate.

Three selections will be played by third grade pupils of Miss Sadie Brainerd, Upland elementary, under the direction of Calvin Rainey, music director. Last week the children held a popcorn sale in order that all would be equipped with reeds, whistles and cymbals. Each child plays three notes and their part in the program consists of four numbers.

Sierra Vista school will be represented by pupils of the fifth and sixth grade classes of Miss Elsie Gibson, Mrs. Melvin Heads, Leslie Warden and Leon House.

Musical Program

These students will be repeating their part in the open house program held at their school Tuesday night when classrooms were open for inspection.

Selections by the junior high school orchestra and chorus will be under the direction of Elbert Warren.

Of exceptional public interest is the display in the cafeteria by the art classes of Miss Marjorie Pleasant, the social science classes of James Blake, the industrial arts classes of Wallace Randleman and the sewing classes of Miss Florence Armstrong

Walter V. Combs Is Ill At Corona Naval Hospital

Walter V. Combs, 1045 West Twenty-third street, is a patient at the Corona Naval hospital, where he was taken Monday morning after being stricken with pneumonia the night before. His family reports that he is making as good progress as can be expected.

Mr. Combs is San Bernardino county deputy clerk in charge of the election department.

Mrs. Galentine, Society Editor, Retiring; Successor Is Selected

Mrs. A. W. Galentine is writing her last news story for The Upland News.

After 15 years as society editor, general reporter and bookkeeper, Mrs. Galentine is retiring from active work with newspapers. A month ago she told The Upland News staff "she was retiring." And so this has been an historic month for the staff and this has been a very important week, her last one with her on the job.

She plans to spend her time visiting, reading and resting. She resides at 520 North Laurel avenue. She has two daughters and two sons and she will divide part of her time with them.

Succeeding Mrs. Galentine as society editor and general reporter is Mrs. Geraldine McGeer, who came to The News from The Hemet News. Prior to coming to California, she worked on weekly and daily newspapers in Vancouver and other British Columbia cities.

Sewer Survey For Upland, Ontario by Same Engineers

Montgomery Co. Stands By Past Offer To Ontario

Preliminary phases of a master sewer plan for Upland were started yesterday by W. J. Carroll, of the James M. Montgomery Engineering Co., Pasadena, who also assured Harold Martin, Ontario city manager, that the Pasadena engineering firm would review a previously rejected plan for a fee of $3,000.

Mr. Carroll collected data from city engineers for use in the Upland survey and discussed details with R. G. Manley, city manager. He later called on Mr. Martin, who had been authorized Tuesday by the Ontario city council to retain the Pasadena engineers.

Mr. Carroll said the combined survey for the two cities would be beneficial to both because of the related problems. "We need much information from Ontario engineers before we can formulate a plan for Upland," he said.

He had planned yesterday to contact Mr. Martin without knowing of action taken by the Ontario council, he said.

The Upland city council recently voted to retain the Pasadena engineers, to make the master plan survey, at a cost of $2,500. Mr. Carroll assured Mr. Martin that a $3,000 offer by his company to make a review of a plan rejected by Ontario voters at a sewer bond election would still stand.

Full Agreement

The Pasadena engineers agreeed to make a survey of all the incorporated territory of Upland in order to break it down into subdrainage areas and make estimates of future population to determine sewer flow in each area.

They also agreed to make the same type of survey for areas not presently furnished with sewers and determine the most practicable way of serving them. This will include length of house connections, trenching, and pertinent details such as existing pavement to be removed in determining locations of sewers.

The adequacy of existing sewers will be studied with particular emphasis on the capacities of existing trunk sewers which would receive the flow of any new sewers.

An estimate of the cost of all proposed sewers will be included and broken down to show the cost of the individual parts.

The report will include a map showing all existing and proposed sewers. The engineering firm will also turn over all survey notes and other data collected upon completion of the report, as well as providing 20 copies of the report complete with map.

The survey will also contain complete data, with maps, on territory in the fringe area adjacent to Upland which might be annexed at a future date.

Total Of Cancer Fund At $1,300; Nearing Quota

With approximately $1300 on hand today, Mrs. James E. Goodban, chairman of the Upland Cancer Fund drive, reports she is confident that the quota of $1500 will be reached.

She states that all neighbor to neighbor envelopes have not yet been returned and asks that these be completed and sent in as quickly as possible.

Advance gifts now total $380.

Acknowledgement of assistance in making the drive a success was made by Mrs. Goodban, who stated that she "wished to thank all volunteer workers, members of the Rotary Club, Atwood's and The Upland News."

Fund drive workers were: Mesdames Thomas A. Gibson, Albert Nickel, Howard Clark, August E. Stemple, Harry Wright, A.B. Harris, Francis Rogers, Eugene W. Penner, Arron Brest, U. S. Standlea, N. H. Stiles, J.C. Baird, O.E. Snyder, C.P. Jacobs, Leonard Collins, J. Leman, Harold Cook; the Misses Ruby Harnish and Julia Rugg; Messrs John Atwood, A. Earl Weatherwax and Dr. Robert Swenson.

Move To Preserve West End Historical Landmarks Started

A move is afoot to preserve historical landmarks, memorable relics and historic data of the West End with Charles Bowser, 170 C St., Upland pioneer on the formulative committee.

All interested in the preservation of historical landmarks of the West End are encouraged to attend a meeting Tuesday at 7:30 p.m. in the Y.M.C.A., in Ontario, Mr. Bowser said.

The meeting is open to the public, he said.

Nelson Gray Likely To Pull Wide Support In Chaffey Board Election

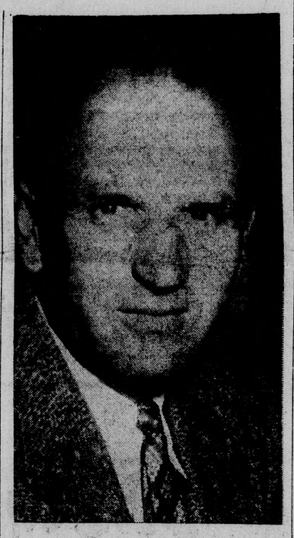

As the proposed representative of the Foothill area on the Chaffey board of education, Nelson A. Gray is expected to get wide support in the May 20 election. He is a candidate for the position being vacated by William Gilliland, board president who has declined to be a candidate for reelection.

A resident of Upland for many years, Mr. Gray resides at 1644 North Euclid avenue. He is a Chaffey high school and Stanford university graduate and the father of two children.

When it was learned that Mr. Gilliland would not be a candidate, many residents in the area north of the freeway discussed possible candidates. While several names were mentioned, Mr. Gray was most frequently mentioned. Due to the general interest in his candidacy, Mr. Gray consented to be a candidate.

Names of two Ontario residents and Mr. Gray will be on the ballot. The Ontario candidates are Kenneth Parkin and Dr. W J. Kelber. Two Ontario residents and two Fontana residents are on the Chaffey board at present, in addition to Mr. Gilliland.

Mr. Gray is in the combined role of a citrus grower and owner of business property.

Quarter-Midgets Racing Sunday At Memorial Park

The Upland Quarter-midget Assoc. will be host to an expected 35 cars during a racing meet Sunday afternoon at the Memorial park track, Don Domes, president, said yesterday.

Members of the association attended a meet at Hemet last Sunday where 42 cars were entered.

A new track has been approved for Corona and will soon be in operation, he said.

Elick Keith, 8949 Belmont street, Cucamonga, returned home Tuesday from San Antonio hospital after receiving treatment for injuries suffered in an accident.

Savings, Loan Issue Awaited

Edwin L. Wickstrom, Upland, and Paul Walker, Claremont, chief executives of the First Federal Savings and Loan association, Pomona, were scheduled to arrive late last night from Washington, D.C., where a hearing was held concerning the firm's application for establishing a branch in Upland.

Decision on the hearing is not expected for several weeks.

A hearing officer presided at the hearing and information received during the proceedings Tuesday will be summarized and presented to directors of the Home Loan Bank board.

The two officials have reported to their Pomona office relative to the hearing but no information is available as to possible results.

Protests against granting a branch of the Pomona firm were filed by a representative of the Upland Savings and Loan association.

Subdivisions Proposed For 17 Acres

Two Zone Change Requests On Loaded PC Agenda Tonight

The planning commission tonight faces a busy session with applications on file for two zone changes, one variance, four conditional use requests, a change in an already approved subdivision, and an opinion asked on a proposed subdivision in county territory.

Zone changes from agricultural use to residential lots of 10,000 square feet (R-1-B) are being asked for two tracts amounting to 17 acres west of Euclid Ave.

The first zone change request was filed by E. C. and Anna L. Heise, 648 N. Euclid Ave., on the second 10-acre tract west of Euclid on the south side of 16th St.

The other zone change request is from Webster and Hilda McCarty, of Los Angeles, and Mr. and Mrs. James E. Goodban, 572 E. Arrow highway, on seven acres of the second 10-acre tract west of Euclid on the north side of 15th St.

Manufacturing Variance

A variance application was filed by Harry C. Chamberlin, of the Chamberlin Instrument Co., asking that a commercial location at 161 E. Arrow highway be authorized for light manufacturing.

He manufactures and sells electronics parts for musical instruments. He points out that the project will not be offensive to surrounding businesses.

Modesta R. Pantoja, 913 N. Fourth Ave., has asked a variance for the construction of a new home at the N. Fourth Ave. address. The request is to allow for the addition of a small apartment to the rear of the proposed home, designated for personal use. Stipulation is that the apartment is not to be rented. The proposal is made for a single family residential zone.

Glenn Wright, 624 W. Arrow highway, asks a conditional use on his home property for construction of a third house on a lot where two dwellings are already situated. The property is in the multiple residential zone, zone.

The Reorganized Church of Jesus Christ of Latter Day Saints has filed a conditional use application on five acres on the north side of Arrow highway about halfway between Mountain and San Antonio Aves. for future use as a church site.

Re-approval Asked

Howard Bowles, Upland realtor is asking for re-approval of a subdivision that has been reduced from 20 to 18 lots. The subdivision is located on either side of Quince Ave. south of 11th St. The planning commission and council approved the original application.

The planners will also be asked to give their opinion on a proposed subdivision extending east of Mills Ave. in Claremont south of Eighth St.

The subdivision is in both Los Angeles and San Bernardino counties as well as lying partly in the city limits of Claremont. Proposed by the Laurel Homes, Studio City, the development is of 38 lots almost evenly divided by the county line.

City engineers recommended to the planners that sidewalks be included in the section of the subdivision lying in San Bernardino county as they are in the western section.

Spring Garden Woman's Club Party Theme For May

MRS. HARRY WRIGHT AND MRS. FRANCIS JONES PLAN AFFAIR

"In a spring garden," is the theme chosen for the annual May party of the Upland Woman's club, which will be held Tuesday, at the club house.

Mrs. Harry Wright and Mrs. Francis Rogers are co-chairmen. Luncheon will be served promptly at 12:30 o'clock and will be followed by card playing.

During the luncheon hour a fashion show will feature six members of the club modeling the latest fashions from the J. J. Atwood company, Town and Country and Maxines.

Mrs. Bruce Claflin, program chairman, is in charge of arrangements. There will be door prizes.

Reservations should be made through luncheon reservation chairmen, Mrs. Neal Van Dorin, 32-4322; Mrs. Loren Robinson, 62-5178; Mrs. Wright, 31-8483, or Mrs. Rogers, 32-6212.

Members may entertain one or more tables and are urged to make reservations by Saturday. They are also reminded to bring their own cards and score pads.

Friends Meet Again After 45 Years

A friendship of long ago was revived this week when John Baumgartner and the Rev. J. T. Bainbridge got together after a separation of 45 years. Mr. Baumgartner was then one of the Rev. Mr. Bainbridge's parishioners at Stuttgart, Ark.

The Rev. Bainbridge, his wife, son and daughter-in-law, Dr. and Mrs. Warren Bainbridge of Boulder, Colorado, are visiting his daughter, Mrs. Brice Evans, 742 Winn drive. At 84 he is still active as a minister of the Methodist church in Colorado.

Country Club Will Fete Visitors

The Red Hill Country club dance on Saturday night will be a co-ordinated affair and will honor golfers entering the club's invitational tournament. Man out of town players are expected for the event.

In charge of the dance as co-chairmen are Mr. and Mrs. Brooks Kitchel, who will be assisted by Mr. and Mrs. Kenneth Powell and Mr. and Mrs. Wheeler Stanley.

"The golf ball," has been chosen as the theme for the evening.

Upland Begonias Win County Prizes

Mrs. Mary L. Gillingwators, 1083 North Benson avenue, returned from a week end at Riverside with honors won at the county flower show for her begonias.

She was a sweepstake winner with her unusual B.. manicata ureo maculata cristata and also

A number of her hybrids, grown brought home six blue ribbons. and entered by other competitors, were blue ribbon winners.

Wednesday of last week Mrs. Gillingwators entertained begonia fancier Mrs. Leslie Woodriff of Harbor, Oregon, Allan Woodriff and Mrs. Dorothy Birhiends of Los Angeles. Mrs. Woodriff took home a number of Mrs. Gillingwators' hybrid begonias for trial planting in her northern garden.

Ruth Musser, Louis Cober Announce Plans For Pennsylvania Marriage

Miss Ruth Musser and Louis Cober were guests of honor Sunday evening, when Miss Faith Musser entertained at the home of her parents, Mr. and Mrs. Noah Musser, Baker avenue. The occasion marked the engagement announcement of the honor guests who are both students at Upland college.

The announcement was told by the use of tape recording and slides, with Miss Musser, who is soprano soloist at the college singing, at the conclusion, "Whither Thou Goest."

Miss Musser is the daughter of Mr. and Mrs. Ralph H. Musser of Mount Joy, Pa., and Mr. Cober is the son of the Rev. and Mrs. Albert Cober, of Morrison, Ill. Both young people are graduates of the Messiah academy, Grantham, Penna.

The date of the marriage has been tentatively set for midsummer at the home of the bride-elect's parents. They plan to return to Upland.

Guests were the Misses Ruth Byer, Florence Wiebe, Joyce Heisey, Martha Krocker, Verla Asper, Rhoda Streitzman, Helen Wolzemuth, "Posey" Flowers, Eileen Dawes, Betty Asper, Gladys Weaver, Shirley Boak, Doris Climenhaga; the Messrs. MR. AND MRS. ROBERT S. TAYLOR

Catherine Cangemi Becomes Bride Of Robert Taylor In Double-ring Rites

About 400 relatives and friends witnessed the wedding of Miss Catherine Cangemi, daughter of Mr. and Mrs. Joseph Cangemi, 9284 East Fourth street, Ontario, and Robert S. Taylor, son of Mr. and Mrs. Reginald Taylor, 9145 Camulos avenue, Claremont, April 17, in the St. Josep's Catholic church.

The Rev. Michael J. Browne performed the double-ring ceremony at 4:30 o'clock. Arrangements of gladioli and snapdragons decorated the church chancel, and sprays of the same flowers marked the pews down the center aisle.

Mrs. Joseph Seitz, organist, played the traditional wedding marches, and accompanied the vocalist, Mrs. Richard Carr, who sang "Ave Maria" and "On This Day, O Blessed Mother".

Given in marriage by her father, the bride was lovely in a gown of imported Chantilly lace and tulle over white satin. The neckline of the fitted bodice was outlined in seed pearls, and the full skirt swept into a short train. Her fingertip veil was held in place by a cap trimmed in seed pearls, and she carried an orchid on a white Bible, with streamers tied with stephanotis.

Miss Josephine Cangemi was maid of honor for her sister. She wore a gown of lavender chrystalet, with full tulle skirt and small jacket, and carried a bouquet of pink and yellow roses.

The three bridesmaids, Miss Jo Ann Varin and Miss Mary Louise Varin, of Los Angeles, cousins of the bride, and Mrs. Thomas Loria of Ontario, wore gowns of pink, yellow and green respectively, fashioned like that worn by the maid of honor, and they carried pink and yellow roses.

Vernon Martin of Ontario served the bridegroom as best man, and ushers were Jerry Barnes and Thomas Loria, of Ontario, and Roy Eldridge of Orange.

The mother of the bride was attired in a gown of mauve nylon lace and tulle over taffeta, while the bridegroom's mother chose a blue lace gown. Each had an orchid corsage.

Following the nuptial rites, a reception was held in the National Guard Armory, where the five-tiered wedding cake was cut. Mrs. Robert S. Orioli had charge of the guest book.

When the newlyweds left on a two weeks' honeymoon at an undisclosed destination, the bride was wearing a beige wool suit with powder blue accessories. On their return, they will make their home at 508 Lynn Haven court, Ontario.

The new Mrs. Taylor, who was graduated from Chaffey high school and attended Chaffey College, is now employed as office secretary for the Business and Professional Service.

The bridegroom is a graduate of Chaffey high school, and attended Chaffey College for one year. He is returning to college in September. In March he completed two years service in the U. S. Army, serving as a corporal. He spent 19 months of the time in Germany. He is a past Master Councilor, and holds the Chevalier degree in De Molay. He is an airplane mechanic.

Out-of-state wedding guests were Mr. and Mrs. George Cox and their daughter of Red Deer, Alberta, Canada, relatives of the bridegroom.

Impressive Church Ceremony Unites Miss Fressenden And Mr. S. G. Lewis

MR. AND MRS. LEWIS WILL LIVE IN SANTA MONICA

Cucamonga Community church banked with white iris and snowballs was the scene of an impressive double ring ceremony when Kathleen Mable, daughter of Mr. and Mrs. Arthur L. Fessenden, 7601 Archibald avenue, Cucamonga, exchanged vows with Stewart G. Lewis. He is the son of Mr. and Mrs. W. D. Brooks, 575 Pierce street, San Francisco.

The Rev. William Henry Stockton officiated and the bride, who wore a slender lace sheath dress and a white floral headdress, was given in marriage by her father. She carried a white orchid with her bible.

Mrs. Hayden Kensinger, matron of honor, and sister of the bride, wore a full skirted frock of light green organdy and carried a bouquet of lilacs and snowballs. Patricia Kensinger, the bride's niece, was the flower girl. Her frock was a copy of that worn by her mother, the matron of honor.

Elwood A. Haws, of Tempe, Arizona, was the best man and the ushers were Hayden Kensinger and Robert Waltenbarger, of San Pedro.

Mrs. J. R. Murray was the organist and Miss Carol Murray sang "L'amour Toujours L'Aamour" and "I Love You Truly".

At the reception at the home of the bride's parents 75 guests attended. Iris, roses and wedding bells comprised the decorations.

The bride's mother received the guests in mauve lace, wearing a brown iris corsage. The bridegroom's mother wore a dress of grey metallic cloth and pink roses.

Assisting at the reception were Mrs. Paul Musser, guest book; Mrs. Walter Slacomb, Boston, Mass., wedding cake; Mrs. Robert L. Waltenbarger and Mrs. Jack Whitney, coffee.

The bride chose a white knit suit and pink accessories for the honeymoon which is to be spent at Tempe, Arizona.

Mr. and Mrs. Lewis will be in residence at 1059 South Norton street, Los Angeles, on May 1. He is with the postal service at Santa Monica. Mrs. Lewis, who lived here from 1932 to 1953 attended Chaffey high school and Chaffey junior college. For the past three years she has lived in Los Angeles. Mr. Lewis is a graduate of Los Angeles high school. He spent four years in the U.S. Navy and saw service in Korea and Japan.

Mr. and Mrs. Walter Slocomb of Boston, Mass. were out of state guests.

Prominent Chaffey Teachers Plan Traditional June Rites

Mr. and Mrs. John Albert Hansinger, of 311 East Sixth street, Ontario, announce the engagement of their daughter, Esther Lucile, to Donn Marcus Freasier, 311 South Euclid avenue, Upland, the son of Mr. and Mrs. Mack Spear Freasier of Phoenix, Arizona.

The bride-to-be who teaches Latin and English at Chaffey high school, is a student of the concert harp and piano. She is a graduate of the University of Michigan and has done post-graduate work at the University of Southern California, the University of California at Los Angeles, and the Claremont College graduate school.

An affiliate of the Alpha Delta Pi sorority, she was elected to membership in the national honorary classical society Eta Sigma Phi.

Mr. Freasier received his B.A. degree from the University of Arizona, and his master's degree in education from the University of Southern California. He is a member of the Beta Kappa fraternity, and was elected to membership in the national honorary scholastic society, Iota Sigma Alpha.

For many years he was actively engaged in Boy Scout and Explorer leadership. He is currently an instructor of secretarial science at Chaffey college and Chaffey high school.

Plans are being made for a traditional June wedding, after which the couple plan to make their home in Upland.

Meeting Marks Observance Of Mental Health

Many Aiding In Y.M.C.A. Drive

Many residents in the foothill area are today participating in an intensive membership campaign for the Y.M.C.A. Dr. M. C. Barnes of Upland is president of the organization and is actively leading the appeal for more support to maintain the extensive program.

More than 20 boys and girls clubs are sponsored by the Y.M.C.A. as part of the program of community service given by the organization. It is pointed out that any boy can use the recreation room and patio or join a Hobby club without a membership due to the financial help given by associate members. Ten dollars is the fee for associate memberships.

The campaign workers are seeking to enroll many persons to help extend the work and influence of the Y.M.C.A. Funds also come to the organization through the Ontario Community chest and other sources of money.

During last year, the Y.M.C.A. touched the lives of more than 4,000 individuals. Total of 2,314 boys and girls and adults enrolled in 108 different groups. More than 13,000 individuals used the gymnasium, showers, game room and patio. Total of 9,424 people in 27 civic, service, church and welfare groups used the facilities 232 times during the year. Nearly 7,000 people participated in 50 Y.M.C.A. sponsored special recreation, educational, athletic, social and religious activities.

Former Legion Heads To Be Honored May 4

With all the past commanders of the Upland Legion post invited, an annual program next Wednesday will honor former leaders of the local post. Huston Dewey has been selected master of ceremonies for the program to honor the men who have served here since 1920.

James Larkin, commander, is aiding Mr. Dewey in sending invitations and in other preparations for a big meeting. Indications point to a large attendance of former commanders. Special events will be on the program.

"One of our projects is to get pictures of all the former commanders and place them in our clubhouse," Mr. Dewey said. "We hope this project can be furthered at the meeting. Then, as each year comes and goes, an additional picture can be added to the record of former leaders."

Youth Problems To Be Studied At Open Meeting

A combined meeting of all Upland P-TA organizations has been scheduled at Upland Elementary school at 7:30 p.m. May 10, in cooperation with an appeal by Gov. Knight for town meetings to study youth problems, Mrs. Albert D. Weisbrod, committee chairman, announced.

Captain Komer W. Dyal, chief of the juvenile bureau of the sheriff's department, will address the meeting.

All service clubs, city officials, ministers, and civic organizations are being urged to take part in this movement, she said.

"Although Upland has little or no juvenile problem at the time, with the starting of a new high school this fall we can anticipate greater activity among the youngsters," Mrs. Weisbrod said. "It is our hope to have an understanding program that will prevent a juvenile problem from developing," she said.

A recent report from Herman G. Stark, California Youth Authority director, showed the state "held the line" during 1954 in juvenile delinquency, she said.

"We have hopes to continue the outstanding record made by Upland over coming years," she said.

Parent Teacher associations taking part in the organization and sponsorship of the meeting include those from Baldy View, Sierra Vista and Upland Elementary schools and Upland Junior high school.

Eugene L. Mueller Is New Salesman For Ralph Miller Group

In keeping with a policy of district-wide service, the Ralph H. Miller organization has announced that Eugene L. Mueller is today a new salesman. Having recently been granted a license by the California Real Estate division, Mr. Mueller is busy getting acquainted with local listings and prospective buyers.

He is former chief of the Upland police department and former San Bernardino county sheriff.

Mr. Mueller is one of several salesmen who have recently joined the organization. Offices were recently opened in Etiwanda and all property will be serviced throughout the Chaffey district.

The new real estate salesman ranks as one of the most active citizens and during his tenure as police chief many new and varied community activities were started.

O.E.S. PAST MATRONS

The Past Matrons association of the O.E.S. will meet Saturday, for luncheon, at the home of Mrs. Anna Scott, 6293 Etiwanda avenue, Etiwanda. All members are requested to bring their own service.

Poultry Centers To Hold Joint Meeting

A joint meeting of the Alta Loma Heights and Ontario Upland Poultry centers will be held Tuesday at 7:30 p.m. in the Chaffey high school home economics building.

The meeting will be devoted to a discussion of the regional farm advisor's work on exterior egg quality and reasons for downgraded eggs. William Watson, farm advisor, will have charge of the meeting.

IOOF Marks 138 Anniversary

Presenting a locally written stage play, the 136th anniversary of the I.O.O.F. lodge was observed by the local group Tuesday night. At the same time as honoring founders of the national order, special recognition was given early leaders of the local group.

A play, written by Huston Dewey, was enacted with the I.O.O.F. founders portrayed in various roles. "Trials and Tribulations of John Wiley", the title honored the man who was the founder. In the cast were Dan Boone, Homer Washburn, Lee Bigley, R. Olin Collier, John Swoap, Clarence Jacobs, Watts Cate and Huston Dewey.

The local lodge was chartered in 1898 and W. C. Cline, Upland, and E. M. Moyer, Bell, are the only surviving charter members. Long-time members present for the anniversary meeting were Harry Plum, Neil Galloway, John W. McConkay, John Swoap and Hugh Lamphear.

Dinner was served by the Rebekah lodge and busy on the committee were Mrs. Lee Bigley, Mrs. Carl Reitz, Mrs. Clarence Jacobs, Mrs. Earl Head, Mrs. Everett Robinson, Mrs. Ira Francisco and Mrs. Charles Deverts.

Carl Reitz was program chairman for the meeting.

Modern Structure Ready For Use

Bank Host To Public In Open House Tonight

Last-minute touches have been going into Bank of America's new Upland branch building all week in preparation for its public open house tonight. The entire staff, headed by Manager Charles Walker, will act as hosts during the open house hours of 7:00 p.m. to 9:00 p.m. Refreshments will be served throughout the period and all visitors will be asked to inspect all sections and equipment of the bank, including the mezzanine floor, which ordinarily will not be open to the public.

The building and its 50-car parking lot occupy the northeast corner of Second avenue and C street. It is about three times as large as the present Upland branch, and will be open for business next Monday morning, replacing the old quarters.

New Features

Mr. Walker said the new building features modern-design windowless teller service, streamlined check stands in the lobby with ballpoint pens for customers' use, recessed fluorescent lighting, acoustically treated ceilings to reduce noises, the entire interior painted in soft, modern colors, and other features in modern vein. New features are the parking lot and a night depository. The safe deposit section has been greatly expanded, as have all other facilities.

Probably the most unusual feature is the absence of any cash drawers, Manager Walker said. Instead of having such drawers in counters, to be opened and closed at each transaction, tellers will have their cash and supplies in compact, movable 'teller's buggies" that can be wheeled to any point along the work counter where tellers are stationed. The cash box remains open when in use, cutting down unnecessary motions.

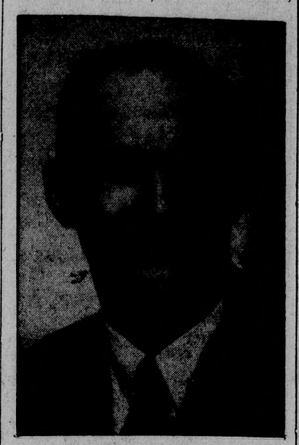

"There are many other advantages to this type of construction," Walker said, "and we are looking forward greatly to seeing our friends and showing them what their patronage through the years has enabled us to do here. We are grateful for the chance to grow they have given us, and this open house will be our way of saying 'thank you' to them."

A United Nations survey shows the life expectancy of a Norwegian girl is 72.65 years—highest in the world.

Bank Staff of 19 To Serve Patrons

Nineteen people make up the staff of the Bank of America as the local branch moves into the large new structure at the northeast corner of Second avenue and C street.

Headed by Charles N. Walker, manager, the officers include Clinton V. Thompson, assistant cashier; R. E. Gustafson, pro-assistant cashier; James G. Fero, chief clerk and assistant cashier and Vivian M. Santolucito, escrow officer.

Members of the advisory board are Norman S. Lawson, chairman, James E. Goodban, J. F. Grass, Jr., W. F. Rugg and Harold S. Stewart.

Old Bank Building First Occupied July 19, 1898

ganized March 17, 1898 and soon a contract was let to construct a building on the site of the property soon to be vacated by the Bank of America at Second avenue and Ninth street.

The original bank building was 23 feet by 45 feet in size and John Gerry, contractor, built the structure for $1,677. Th bank was opened in its new building July 19, 1898 and deposits totaled $3,272.27.

A booklet giving the history of Upland's first bank, lists the names of the first day depositors. W. C. Cline is the only person living today among the published list.

Bank business expanded rapidly and in 1900 "the directors accepted plans prepared by N. W. Hawkinson for an addition to the east end of the building," according to the historical record.

School Election Officers Named

Persons to serve on election boards for the May 20 school election have been announced by Allan S. Barr, president, and Dr. John E. Skewis, clerk of the Upland board of school trustees.

Three polling places will be maintained and ballots will be cast for candidates for the Upland board and the Chaffey board of education and for Chaffey's $3,600,000 bond issue.

Polling places and the precinct officers follow:

Upland Elementary school foyer; Mrs. Ralph Scott, Mrs. Margaret Shaler and Mrs. Sanford Otterness.

Sierra Vista elementary school house; Mrs. Val Cherbak, Mrs. George Solters, and Mrs. E. L. Guengerich.

Eighteenth street school; Mrs. Carl Nicholson, Mrs. Clive Warner and J. Harry Snowden.

Sharps and Flats

By Chuck Barlow

Experts in planning use hard, cold figures with crystal balls no part of their equipment.

They astound me with their predictions. When the General Telephone Co. picked a location a little west of Euclid Ave. on the north side of Foothill Blvd. as the exact center of population 20 years from now, they had me rocking on my heels. But they point out that their experts have correctly followed the trend in areas of rapid growth to the west.

The city is figuring on a survey to establish a master sewer plan. This is based on future growth and land use as shown on the Upland master plan.

Sewer lines will be recommended of certain size according to districts and based on the density of population 20 years from now.

Planners speak of Upland with a population of 30,000 by 1960 and never bat an eye. To me this is hard to vizualize but they have reasons for their estimates. These men deal in facts and not wishful thinking.

Chaffey district officials, with necessity forcing them to keep abreast of the times, have come up with a string of facts hard to realize. In explaining the dire need for the $3,600,000 bond issue election May 20, they lay out bare facts for inspection.

California is growing weekly about the number of persons living in Ontario and Upland. Only eight states in the nation are more populous than Los Angeles county and only six states have more people than have moved to California since 1940.

The populations of the incorporated areas of Ontario and Upland have increased 12 per cent in the last year.

This increase has a reflection on the Chaffey district school system in exact ratio. School requirements have increased at a dizzy pace.

Chaffey JC had a 25.7 per cent increase in enrollment this year over a year ago. In extended day classes the increase was 67 per cent. The college is serving more than 1,000 full-time day students and more than 500 students in evening classes.

Chaffey high school enrollment encreased 11.06 per cent this year over last. Officials estimate that by 1959-60 the high school will have an enrollment somewhere between 8,000 and 10,000 pupils.

Growth of the college is estimated at 300 students a year with the registration of 3,000 by the 1959-60 term.

Enrollment for the 1955-56 term for the high school is estimated at 2,650, and 1,300 for the college for a total of 3,950 pupils. This represents an overload of 250 college students.

Estimates for the 1956-57 year are 2,900 high school students and 1,600 college students which will be an overload of 550 college students and 200 high school students.

With both the high school and college faced with expansion pains the school experts have worked out a plan for two new high school plants and the college utilizing the present Chaffey campus. This calls for a big outlay of money.

The new Upland high school is directly concerned with the proposed bond election. A part of the money from the sale of these bonds will be used on the Upland campus.

The $275,000 allocated for Upland from the bond issue will increase the maximum capacity of the high school from 1,260 to 1,440 pupils. This will also be used to provide many of the facilities needed to handle junior and senior classes.

This $275,00 will not complete the Upland high school. They estimate $1,500.00 will be necessary to complete and bring the high school to a capacity of 2,500.

This bond issue, and Chaffey officials are blunt in saying it is not to be the last, will cost the average homeowner no more than $6 a year.

Seeking freedom of worship brought many hardy persons to the shores of this country and caused a nation to come into being dedicated on this premise and the right of all to an education.

Our grandfathers were lucky to have a few years in grade schools and they determined that their children should have better educations.

This feeling has carried over to this generation and the parents of today are as determined as their grandsires that today's children have every possible opportunity for better educational facilities.

Faced with a program o school betterment at a cost o $6 a year per family, it would appear we are lacking in some of the fire of our forbears if the bond issue proposal is defeated

Schools Week Emphasizes Importance of Staff, Parents

Importance of our schools cannot be over estimated.

Preservation of the American way of life and indeed the survival of democracy throughout the world is in no small measure dependent upon them.

If the youngsters of today are to meet the challenge of tomorrow the schools must in a very large degree prepare them for that great task. What the schools are doing along this line, how they are helping to model the character and the purpose of our young people is something which parents and non-parents should know.

Of special interest here this week is the public schools program tonight. Sponsored by the Upland Masonic lodge, the program emphasizes the high role played by the schools. The lodge is to be commended for its part in annually sponsoring Public Schools week.

Familiarity with our public schools, an understanding of teaching methods and acquaintance with the teachers themselves help citizens to appreciate the place of the public schools in our way of living.

Public schools throughout Upland, Alta Loma, Cucamonga and Etiwanda rank high in every basis of comparison. This is due to various factors, including an unusually high caliber of staff members and enthusiastic support of all school activities by parents.

In a changing era, however, during which there are many new students and many new parents, a constant effort must be maintained to keep classroom interest high and leadership of the best.

Richard Manley Is Great Factor In Upland's Development

Retirement of Richard G. Manley next January 1, will mark the end of a highly important era in Upland.

Upland's city government, in general has been very popular with Uplanders and highly successful as compared with governments in many municipalities. This excellent record is due largely to Mr. Manley. A very thorough engineer, a hard worker, efficient, economy-minded and a man with vision, Mr. Manley has given his life to his home community. To a great extent, the fine community we have today is due largely to Mr. Manley.

Of course, many, many other people have had a part in helping Mr. Manley, in counselling with him in helping him realize the excellent municipal services, the many outstanding improvements and the low cost of government.

While the announcement of his retirement date was not unexpected at the Upland city council meeting last week, we can understand why the reading of his resignation would emotionally affect his close associates. Mrs. Hazel Cassell, city clerk, and Mayor E. Tweed Stone were among those deeply moved by realization of the fact that Mr. Manley had set the date when he would dissociate himself from his duties in the city hall.

In keeping with this vision, Mr. Manley has officially notified the councilmen eight months in advance of his retirement date. This will give the councilmen adequate time in which to transfer the city manager's duties to someone else.

The city manager's job is a tough one in any community. He has to be a diplomat, among many other things. If he is not a diplomat, he cannot be a top public servant many years. Mr. Manley learned the knack of getting along with employees and the public. His example is worthy for others to follow.

All Uplanders are indebted to Mr. Manley.

Albert Einstein Helped His Adopted Land in War and Peace

Albert Einstein, a soft-spoken man who discovered the mathematical formula for the world's greatest violence—the atomic and hydrogen bombs—was the last one who would have wanted his knowledge to be turned to destructive purposes.

He did, however, at the urging of friends, write to President Roosevelt in August, 1939, saying that he believed uranium may be turned into a new and important source of energy in the immediate future," including the "construction of bombs."

As a refugee from Nazi persecution Einstein knew that democracy must be ready to meet the violence typified by Hitler, Tojo and Mussolini with greater force. He knew of the destructive force—and of the power for good the uranium possessed.

Though he lived more than three score and ten years, he would have been famous had he died a half century before. It was in 1905 that he published five scientific papers which marked him as one of the world's greatest scientists. As a scientist, he will be remembered for his great achievements. And those who knew him personally will remember him for his humanity and kindliness.

He helped the world in ways to spread peace, raise the standard of living for all and to help America be a leader in the new age now unfolding.

Poverty is uncomfortable, as I can testify; but nine times out of ten the best thing that can happen to a young man is to be tossed overboard and compelled to sink or swim for himself. — James A. Garfield.

I envy the beasts two things — their ignorance of evil to come and their ignorance of what is said about them. Voltaire.

It is conceivable that religion may be morally useful without being intellectually sustainable. — J. S. Mill.

THIS LIFE WE LIVE

by James V. Latimer

Spring seems to come along every year. I know the symtoms. It means house cleaning to me and mine. I begin to prepare for the day when I shall hear the injunction, "Be careful, I have just swept", or "You would better stay out now, for I have just mopped the floor". Some men seem to be able to escape it all by pleading the demands of the office or some committee meeting, or even to get away on a fishing or camping trip. But I am hindered in my way of life about one week every spring. I find it the same in Upland as it was in other cities. But cities also need a house cleaning at times.

May I quote from a minister who was touched by what he had found in his place of residence? He reported, "After several months of intensive study of the moral and social conditions of our city. I cannot escape the conclusion that delinquency will not be cured when the slums are replaced by modern houses". I too am persuaded that sin and error, delinquency and wrong and all such evils are matters of the heart, of the soul and of the home. These are made by kindness, care, right living and love. I have known derelicts who had walked out of mansions, and saints who came up out of the slums.

I have been wondering about a general clean up of our souls as well as the back yard. Most of us need to sweep out some rubbish, a bit of selfishness, some careless thinking and some other unsightly things. Some of them we cover up nicely yet others are seen. You have heard read that passage from the scriptures stating that as a man thinketh in his heart so is he. That is the reason some faces continually light up and show pleasing personality. Their hearts are right and their faces show it. We cannot be unconcerned about the spring cleaning of the house we live in, much less so the cleaning up of hearts and souls. Let's make our city clean. Then make it more so by setting our hearts aright in life, language and purpose. That will be progress in the right way.

Spring Cleaning is good for the soul.

Leave Parking For Patrons, Committee Tells Businessmen

The Merchants' committe, of the chamber of commerce, made a written request to businessmen earlier this week that parking in the downtown district be made available to customers.

The letter asked that "businessmen refrain from parking in the downtown district. There are parking places available, without time limits, within a block or two of any of the business houses."

The letter points out that the critical parking situation requires every available parking space be left open for customers and clients.

Upland Student Wins Top Judging Honors At FFA Field Meet

Bill Barrass, Upland Future Farmer, won two first place judging honors in the agronomy division Saturday as one of the Chaffey high school judging team entered in the FFA Field day at Pierce college.

The Chaffey judging team won four trophies and many individual awards.

The Upland winner was named first in both divisions of agronomy judging. He rated tops in general judging and also in identification selection.

In the farm mechanics division Barney Carrari, Alta Loma, placed third and Leonard Wilson, Etiwanda, fourth in individual scoring.

Barney Carrari also placed third in tractor driving.

In rope work Leonard Wilson was first and Barney Carrari third.

Mrs. Luther Frank's Mariner Scout Troop, the Caerulea, recently held a special meeting. Lillian Gude, Jo Ann Uber, and Martha williamson received Mariner membership pins. Eight girls received membership stars for completing years of participation in Scouting as follows: two years, Pat Martinez; four years, Wilma Giles; five years, Sue Lauderback; seven years, Donna Hobson, Barbara McNamee, Terry Perry and Roberta Sutherland; 10 years, Sheila Hooker. Those who received the Midshipmate rating are Donna Hirschman and Barbara McNamee. Donna Hobson received her Jack Tar rating.

Eighth-graders interested in joining a Mariner troop were invited, and the ship's ceremony was explained to them.

Boy Scout Troop 1 held a father and son pancake supper, April 18, at the First Methodist Church. Following the supper, a candlelight ceremony was held, in which Steve Weisbrod and Paul Reading received their second class badges.

On April 20, the Tri-Hi-Y of U.J.H.S. sponsored a pie and cake sale. The 26 pies and cakes were auctioned off to the faculty and students for a total of $47.96, which was given to the Leper Colony. The group is now making scrapbooks to send to Casa Colina.

The Tri-Hi-Y officers are: president, Jeanette Amberson; vice-president, Jerra Domes; secretary, Karen Noffka; treasurer, Madeline Furry, and sergeant-at-arms, Jo Anne Gandy.

Ronnie Weitzel had tough luck a week ago yesterday - he was coming down Lone Hill on his bicycle when he hit a rut and went flying through the air. The result was that two and a half teeth were knocked out and he scratched himself up pretty thoroughly.

Last Friday evening at his home, Coach Jim Blake gave a party for Upland's Varsity basketball and track teams and their dates. Watching T.V., playing games, and dancing made up the entertainment for the evening.

Those attending were Manuel Martinez, Lee Crandall, Larry Beck, Tom Boswell, Kirby Garrett, Mike Hanamura, Ruben Luna, Don Donahue, Skip Wulf, Sandra Kern, Fred Luna, Martha Medel, Larry Allen, Joyce Thomas, Phil Caldera, Mona Medel, Lloyd Hunter, Pat Lemon, Paul Pace, Sharon Wenger, Ralph Nuno, and Carmen Molinar.

School Boards Must Decide On Fate Of Tract

Upland and Cucamonga Central school district boundaries may be changed if the proposed Max Bertisch subdivision is going to be realized. The subdivision comprises 110 acres north of Foothill Blvd. at the easterly city limits. About 100 acres is within the city limits.

About 10 acres of the large subdivision site is within the Central school boundaries, the remainder in the Upland school district area. Principal James Orsburn, Cucamonga, and Superintendent Harold W. Cook of the Upland school district have conferred over the matter.

Grove avenue and prolongation of the avenue is boundary of the districts.

Upland city councilmen have expressed concern over the fate of the 10-acre tract as to what district will educate the children.

If officials of the two school districts and the county superintendent of schools agree, the area could be transferred to the Upland district without any election prior to any residential development. If the change is delayed until houses are occupied, an election would be required to change the boundaries.

Whether the boundaries will be changed to permit Upland school district to serve all the area will not be known until action by the two boards of education.

Nimrods Licensed, Hopeful, Impatient For Opening Day

More than 500 fishing licenses have been issued by Upland stores for the season opening Saturday.

Sportsmen are today eagerly awaiting the opportunity to be at their favorite streams in the local canyons and elsewhere in the Southland.

Fish have been planted in San Antonio and Cucamonga canyons but there is no report as to the number of new catchable fish made available. In general, however, the outlook is good for fishing.

And the outlook is also good for large crowds to be at every available fishing location.

Reports from Rowe's Sporting Goods store, John Palmer Sporting Goods store and the Western Auto store indicated the number of licenses that have been issued to local residents.

Thrill Of Catching Big Marlin In Mexican Waters Told By Uplander

A. L. Eshelman, left, points to the fine catch made during a recent fishing trip to Mexican waters. This was the first for the Uplander and he sees now why sportsmen want to make the jaunt again and again.

A. L. Eshelman, 651 E. Arrow highway, today knows what it is like to catch a 100 pound marlin swordfish after a terrific battle in the ocean waters off the coast of Mexico. Wth sons, Dr. Cecil Eshelman and Dr. Harold Eshelman, Los Angeles, the long-time Uplander was the guest on a fishing trip.

With friends of his two sons, the party motored to Tijuana where they boarded an airplane and went 1,000 miles south to Mazatlan, where hotel reservations had been made and four boats chartered. Each morning the boats went out about 25 miles.

Each member of the party caught at least one marlin.

"To catch a 100-pound marlin and see him jump clear of the water 200 feet from your boat in his fight to escape, and to know that up to that point he was your fish and then to finally land him is really a thrilling experience," Mr. Eshelman said. "I can easily understand why people want to go back to that place year after year."

The Uplander has a certificate to prove he caught a marlin weighing 130 pounds, measuring eight feet long. He also caught a 35 pound Dolphin, 3½ feet long.

The Eshelmans and others in the group were gone five days.

New Petition Claims Parking District Is Unfair And Unjust

A petition bearing seven signatures and voicing objection to formation of a parking assessment district in nine square blocks of downtown Upland was placed on file after presentation to the city council recently.

The petition branded the formation of the parking assessment district as "unfair, unjust and inequitable."

Names of downtown property owners appearing on the petition are: Omer J. Kiser, 336 N. First Ave., Loring N. and Alameda Kirk, 263 N. Third Ave., Sylvia Nichols, 393 N. First Ave., Hilda A. Hill, 377 N. First Ave., Arthur H. Pehl, 519 E. Arrow highway, and Flora Morley, 321 N. First Ave.

Locally Owned Herd Given High Rating In Type Classification

A recent classification by a Holstein-Friesian Assoc., inspector placed 37 out of a herd of 45 cattle owned by C. S. Musser and Maynard Engle in the class of "good" or better.

Five of the cattle classified for body confirmation were rated "very good" with 12 "good plus" and 20 classed as 'good."

This inspection is done under the official type classification program of the association.

Lease With Antimite Associates Renewed As City Council Acts

The city council recently voted to renew the three-year lease soon to expire with Antimite Associates on a city-owned building at 126 N. Second Ave., used as headquarters by the extermination company.

The renewal was voted after the council accepted a recommendation for a rent increase from $45 to $55 per month. The recommendation was made in a report by Councilman Robert Thrall, finance committee chairman.

The new lease will carry an added provision that the city can refuse to renew the lease at the end of the three-year period if the city desires to use the building for city business. Otherwise the renewal option will stay in force.

Whittier Choir In Concert Sunday

SUGENE M. RIDDLE

Whittier college A Cappella choir will appear in the Upland Methodist church at 7:30 p.m. Sunday with Prof. Eugene Morrison Riddle, director. Instrumental and vocal soloists and a men's quartet will be featured in addition to many selections by the choir.

The widely known group of singers has appeared throughout the state and much interest is being shown in the appearance Sunday. The program will include classical and modern motets, madrigals, choral lieder, Negro spirituals, American folk songs and modern anthems.

Following the concert, the college choir will be guests of the Methodist choir at a reception with Carl Hess, local choir director, in charge.

Upland College 34-Voice Choir To Appear On TV Church Talent Hour

Under the direction of William G. Tatsfield, head of the music department of Upland college, the 34-voice choir will appear Sunday on the Church Talent Hour heard over KCOP (13) at 10 p.m.

Numbers selected by the local group to be heard on the telecast are "Churchmen of Christ" and "Now Is Come the Salvation of Our God."

The current appearance of students of the local college on the Church Talent Hour will mark the fourth time talent of the school has been selected for the program heard weekly.

Members of the choir who will appear on the program include the following:

John Zimmerman, Myron Mann, Maynard Climenhaga, Orval Eshelman, Robert Lawson, Vernon Weaver, Marlin Niesley, Ray Buckwalter, Jacob Stern, Howard Stutzman, Paul Trautwein.

Shirley Bundy, Doris Climenhaga, Jean Bickmore, Marjorie Carper, Gerry Whitcher, Barbara Brubaker, Joanne Whitcher, Faith Musser, Carole Haldeman.

Protective Zone Around Airport Asked By Cable

Elwin Alder, assistant city manager, and Ray Ferguson, Ontario, both members of the San Bernardino County Aviation committee, were appointed by the committee to make a study and report on an appeal by Dewey Cable, owner of the Cable-Claremont airport, for zoning to protect encroachment of construction on the airport.

At a joint meeting in San Bernardino Monday between the county committee and the California Aeronautical commission a study was made of Mr. Cable's request for adequate zoning to preserve the airport.

Mr. Cable said at the meeting he would lease the airport to the county if necessary to instigate protection necessary to insure continuance of the airport.

Disappearance of local airports with the encroachment of subdivisions and manufacturing districts was brought out at the meeting. This can happen to the local airport if no protection is given at this time, Mr. Cable said.

The airport owner appealed to the Upland city council recently for zoning protection but was told the area of Upland adjacent to the airport was designated as agriculture and as such held no threat to the airport.

Mr. Cable pointed out, as he did to the joint meeting, that zones can be changed and construction allowed for buildings that will present a definite safety hazard to ships using the airport.

No Dogs Allowed At First Session Of Dog Obedience Classes

The first dog training class, scheduled for May 10 at 7:30 p.m., will be without dogs, Raymond McGinnis, conducting the classes, announced today.

This first session at Memorial park will be to brief owners registering for the training course, he said.

Classes will be conducted every Tuesday night for nine weeks. Children over 10 can take advantage of the puppy training classes if they are accompanied by a parent.

Further information can be obtained by phoning Mr. McGinnis at YU 33-1163.

The city council recently authorized the use of Memorial park for the dog obedience classes.

Clock Damaged; Still Keeps Time

Police are investigating two cases of malicious mischief, one of which stopped the clock.

Sgt. John McCarthy and Officer Joe Blouin, while patroling at 2 a.m. Tuesday discovered glass covering the south face of the Bank of America clock smashed. They found glass on the sidewalk and reported two numerals damaged.

The clock on the southerly, or smashed side, was keeping correct time. The undamaged, or northerly face, was reported running seven hours and 20 minutes slow.

Mrs. Elsie DeCarli, 664 North Eighth Ave., told police Monday a small rock had been thrown, smashing a hole in the windshield of her car, while she was driving westbound on 11th St. at Sixth Ave.

She told police she returned to the vacant lot where boys and girls were playing at the time the rock was thrown but could not learn who was responsible.

Eric Miller Tells Kiwanians Of Sunkist Exports To Europe

Important role European consumers play in the Sunkist sales organization was explained to members of the Upland Kiwanis club in the Sycamore Inn at noon Tuesday by Eric Miller, manager of the export department.

He recently returned from a trip to Europe and he based his talk on his recent and previous experiences in selling to the European markets. George Brannon, president, presided.

Raiders Defeated In First League Competition 9-5

The Junior high school Raiders lost their first conference game of the season Monday in a startling upset to Fremont Junior high, Pomona, by a 9-5 score, after ending the regulation seven innings in a 5-5 tie.

Rated on paper as by far the best team, the Raiders went through a series of costly fumbles costing moundsman Skip Wulf a loss although he came through with 18 strikeouts. More than a dozen errors marred the game.

The Raider pitcher walked five men and allowed four hits. He was relieved by Lloyd Hunter in the eighth with two on bases, and the loss was chalked up against him as starting pitcher.

The Raiders accounted for seven hits to glean their five runs.

In a game with Fontana frosh last Thursday the Raiders romped around bases to pile up 20 runs while the Steelers accounted for only three tallies.

Manuel Martinez, on the mound for the Raiders, was stingy with his offerings allowing a scattered seven hits.

Coach Harley Lovitt's Raiders will stay out of conference action this week but will play a practice game today against Citrus high school frosh at Azusa.

Elementary School Cast Appearing In 'Life Goes To Fantasy Land'

"Life Goes to Fantasy Land," an original play by Miss Esther Ziegler will be staged at the Upland elementary school auditorium next Wednesday and Thursday evenings. Two separate casts will be used for the performances.

The lively plot makes use of the adventures of a photographer, played by Donald Fields and Tommy Chalberg, who enters fairyland through the back of a television set. His companions include all the best loved characters of storyland. About 150 children take part. Sixth grade pupils have most of the major roles but all other grades are represented.

Lloyd Dearimure and Marcy Guzman play Dishonest John; Bobby Fox and Edgar Hotard, the White Rabbit; Sherry Grose and Marilyn Maxwell, Mary Ann; Irene Martinez and Glenda Harvey, the Duchess; Judy Bowers and Mary Ann Burton, Queen of Hearts; Gerald Eckman and Don Michael, King of Hearts; Richard Eyer and Mike Ford, Peter Pan; Jack Cart and Fred Perry, King Oberon; Janice Schneider and Diane Burch, Queen Titania; Edward Wadleigh, Elihario Juarez and Chris Turner, play Mr. Sandman.

Music for the play is under the direction of Calvin Rainey and Donald Bowers. Miss Zeigler is directing and is also in charge of costumes.

U.S. tobacco production in 1954 was 998,000 tons, an increase of 7 per cent to an all-time record.

Young Republicans To Hear 'Why Politics' At Meeting Tonight

The Chaffey District Young Republicans will hear H. Sidney Laughlin, Pasadena attorney, tonight during a meeting at the Ontario Y.M.C.A., Tom Wallace, president, announced.

Mr. Laughiin will speak on "Why Politics?" The meeting will start at 8 p.m.

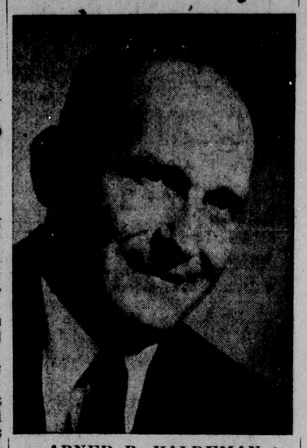

He is past-president of the Los Angeles County Republican assembly, chairman of that county's speaker bureau and considered one of the most able speakers in the field of politics, Mr. Wallace said.

The public is invited to the meeting and to a social hour afterwards which will be hosted by Mr. and Mrs. Don DeVore, Alta Loma.

Upland Art Student To Have Oil Works Shown During Exhibit

Tom Jamieson, 1655 W. Ninth St., Pomona college art student, will be one of a group of upper division art students having oils exhibited during a showing in Rembrandt Hall, Claremont college, starting Monday from 8-10 p.m. The exhibit will continue from 2-5 p.m. daily through May 13.

UC Business Manager Named To Associate Institute Membership

ABNER B. HALDEMAN

Abner B. Haldeman, business manager of Upland College, was recently elected an associate member in the American Institute of Management in recognition for his contribution to the advancement of the profession of management.

Mr. Haldeman, who has been at Upland College for nearly 10 years, has done much to bring the college to the stature it has today. His efficient work in the business office has contributed to the college's current successes.

His election to the institute is an honorary acknowledgement of his activities. He was elected by members of the association upon the recognition of his achievements.

Mr. Haldeman has also contributed greatly to civic affairs and is a member of the City Council of Upland.

Historical Marker For First State Hydro Electric Site In SA Canyon

San Antonio canyon, the birth place of hydro electric development in California, will be recognized May 7, when a state registered historical marker is dedicated to the memory of those who boldly faced the problem of long distance transmission of power, particularly two men who were in the vanguard of the development.

These men were Dr. Cyrus Brandison Baldwin, first president of Pomona college, who dreamed of welding the snows of Mt. San Antonio above Upland by a copper band to the wheels of industry miles away, and George Westinghouse, founder of the company bearing his name as well as engineer, who developed the 10,000 volt transformer necessary to realize the dream.

Dr. E. Wilson Lyon, now president of Pomona college, will tell the dramatic story of the San Antonio Light and Power company organized by Dr. Baldwin in 1891. The dedicatory program will be held in Mabel Shaw Bridges Hall of Music in Claremont at 2:30 p.m.

ALTAR SOCIETY

The Altar and Rosary Society of St. Joseph's church will hold the regular monthly meeting, at the Community hall at Upland Memorial park, on Tuesday, at 8 p.m. Members will receive holy communion Sunday at the 7 o'clock mass.

Mr. and Mrs. R. G. Manley Plan Active Retirement

Leisurely World Tour on Itinerary

City Manager To Close Official Chapter Jan 1.

Mr. and Mrs. R. G. Manley are filled with a sense of high adventure these days. They have just received word that their reservations are available for a round the world cruise on one of the President line ships.

Mrs. Manley reports that they expect to spend many pleasant hours studying their itinerary, looking up the places they will visit, planning wardrobes, studying maps and currency.

"We've had little time for details yet," Mrs. Manley said. "We'll be starting in March and that seems a long time."

Mr. Manley, who has been a city employee of Upland for 35 years, retired last week. He started as city engineer in 1920 and for years has been Upland's city manager. He steps down from official duties Jan. 1.

The Manleys will sail from Los Angeles on either the President Monroe or the President Polk. Bound for the Orient they will visit many of the fabulous countries of the far East.

After they have visited points in Africa and the countries of the Mediterranean they will visit Northern Europe. On their return westward, across the Atlantic they will dock at New York. The final part of their holiday will take them through the Panama canal. After touching at various points in Central America they will head northward for home.

City Manager and Mrs. R. G. Manley are continuing to add to plans for a world tour scheduled to start following the active date of his retirement after 35 years with the city. He will turn over duties of his office to a successor, yet to be named, on Jan. 1.

Proposed Bills To Be Explained

Opposition to bills pending in the state legislature which provide for the taking of liens on the homes of old age pensioners will be voiced at a meeting of the local old age pension group in Upland Friday, at 10:30 a.m., in th Foursquare Gospel church, 205 S. Campus Ave.

Bills have been introduced in both the assembly and state senate which would impose a lien against the entire estate of old age pensioners for all aid received and provide that upon death the county has a claim against the entire estate of the deceased recipient.

This legislation will be explained at the meeting by a speaker from the California Institute of Social Welfare.

The United States, principal consumer of the platinum metals, uses more platinum, palladium, ruthenium, rhodium, iridium and osmium than all other countries combined.

Foothill District In Urgent Need Of Adult Leaders For Scouting

More adult leadership is needed in scouting in the Cucamonga and Alta Loma communities, Francis Wilson and Herb Hall, Foothill district commissioners, announced.

This is due to the growing number of registrations in both Boy Scout and Cub Scout work, they said.

At present five leaders are handling 58 Cub Scouts, 95 Boy Scouts, and 10 Explorer Scouts.

With adequate adult leadership the scouting movement could take in 200 Cubs, 100 Boy Scouts and 50 Explorers, they said.

Persons interested are asked to call Mr. Hall at YU 317-141 or Mr. Wilson at YU 320-256.

Contract For New City Building Goes To Warren Wilkins

Warren Wilkens, Upland contractor, was successful bidder for construction of a 20 x 24 foot frame-stucco building to be erected at the rear of 455 N. Second Ave. as additional housing for fire department equipment.

Reading of bids and confirmation of the $1,276 bid by Mr. Wilkens was part of the proceedings of a recent council meeting.

The building will be constructed in late May or early June and is to be paid for out of funds included in the 1955-56 budget, the council agreed.

Additional storage room for fire department equipment will be necessary after delivery of a new fire truck next month.

Park Track To Be Floodlighted

The Upland Quarter-midget Racing Assoc. has been granted permission by the city council to install two poles with flood lights and an official's stand at the Memorial park track.

These improvements are in line with a general expansion plan by the association to provide accomodations for the increasing crowds attending the races.

Recently additional bleachers were constructed and the fenced enclosure enlarged to allow for greater ease in handling cars. The quarter-midget following has grown with tracks being planned in four nearby cities.

Saturday the Upland association put on a demonstration race at Quartz Hill near Lancaster for the benefit of local enthusiasts planning a track.

Magic minder!

New Gas top burner turns itself off when cooking time is up

Really does sound like magic, doesn't it? Simply put a pan of soup, sauce or whatever on the burner—turn on the blue flame and set the timer. Your food will cook for exactly the length of time you choose. Then—automatically—the burner will turn itself off. (A pleasant-sounding tone calls you to the range.)

See all the new features on today's automatic Gas ranges at your dealer's or your Gas Company.

OTHER NEW FEATURES

Rotary barbecue automatically turns meats during barbecuing.

Needle-pilots give split-second lighting—leave ranges cooler.

Super-speed Gas broiler makes broiling quicker and better.

Don Adams Shows Council Flood Control Proposal

Big Subdivision Asks To Be Given Credit For Own Run-off Channels

A proposed 110 acre residential and commercial development at the easterly city limits north of Foothill Blvd. will not present a water run-off problem to the city and should not come under full assessment for the current storm drain fund levy, Don Adams, manager of the San Antonio Water Co., told the city council at a recent meeting.

The subdividers, Max Bertish and Max Mednick, San Pedro, should be credited with the value of land to be granted as an easement for flood control by the San Antonio Water Co., sellers of the 110 acre tract to the developers, he said.

These easements will come from land owned by the water company south of Foothill Blvd., and will take care of the run-off without any expense to the city, Mr. Adams said.

Using engineering figures, Mr. Adams showed where the greater portion of the run-off will be to the southwest and through a culvert under Foothill Blvd.

New Flood Ditch

From this culvert he said, the run-off will flow into a ditch to be constructed on land conveyed to the County Flood Control district under easement from the water company.

This ditch will empty water into a ditch already extant along San Bernardino Rd. This ditch is connected with a system now in use and empties into the Eighth St. settling basin, he said.

The balance of the tract will be drained to the southeast and into a ditch along Grove Ave. This flow will be chaneled into a ditch along the Pacific Electric right of way or along San Bernardino Rd. with the ultimate destination at the Eighth St. settling basin, he said.

The city should credit the subdividers with the value of the land to be granted in easements to make this flood control work possible, Mr. Adams pointed out.

Total storm drain assessment for the 110 acres amounts to about $12,600.

Mayor Cites Need

Mayor E. Tweed Stone held that the city had an obligation to property owners downstream from a tract being developed and the storm drain fund was to be used for such protection.

Councilman Robert Thrall pointed out that the storm drain fund was not levied according to the peculiar problem of each tract but as a blanket coverage for the entire city.

The council agreed that the plan would take care of the run-off originating on this tract and that perhaps a credit could be made for land used for easement and towards a dike to be constructed along the northerly boundary of the tract.

They did not waive payment of the storm drain assessment but countered with the credit proposal to be worked out following the payment.

The subdividers have agreed to share the expense of a dike west from Red Hill for 2,100 feet, to be located 250 feet north of 15th St. This water will be chaneled into the present 15th St. holding grounds system.

Renewal of Lease On Police Cars Subject Of Study

The city council police committee will determine if the estimated $3,000 greater cost of operating police cars under a lease agreement, than when city owned cars were used a year ago is due to installation and conversion costs of equipment as stated by J. Greg Kornbacker, vice president of the Municipal Auto Leasing Corp.

Due to a threatened strike by General Motors union employes, Mr. Kornbacker told the council a renewal of the lease now would enable him to order new cars and have them delivered before the strike starts.

He said police cars were ordered with added specifications that his company did not include inregular leased cars.

The council referred the matter to the police committee for study before deciding whether to continue the lease arrangement or return to city ownership of cars.

The recent change of automotive electrical systems to 12 volts in late model cars, necessitated changing radios and other police equipment from six to 12 volts, which incurred considerable expense, R. G. Manley, city manager, told the council.

He also mentioned other factors contributing to the estimated $3,000 increase in operation which would have existed whether the cars were leased or not. The council asked more information on these cost factors.

Mr. Kornbacker also urged the city to use an additional car. "You are paying for the car now although you are not getting its use," he said.

He said police cars are traveling between 14,500 and 14,900 miles a month.

W. G. Pearson Named President Of Etiwanda Service Club Board

William G. Pearson was recently elected president of the Etiwanda Service club during a regular monthly dinner meeting.

Burt Shelby was elected vice president; Elmer Mueller, secretary and treasurer, Burl Deffenderfer, sergeant-at-arms, and board of directors named were Lawrence Mueller, W. C. Pearson and Robert Hickcox.

Following the dinner, Daniel B. Milliken, superintendent of Chaffey schools, spoke on the need for expansion of educational facilities throughout the district.

Upland Girls Named As League Officers

During a recent election by the Chaffey Girls league to choose officers for the first semester of the 1955-56 term, Cynthia Barone, Upland, was selected as treasurer.

Gail Frankish, Upland, was named social chairman.

Officers will be installed during the annual Mother-Daughter banquet, April 27.

He will assist in the bureau of business and economic research. He was awarded his bachelor of arts degree from Marquette.

Pvt. Jack Welch On Korean Duty

Pvt. Jack M. Welch, son of Mr. and Mrs. James F. Welch, 948 N. Fifth Ave., recently arrived in Korea and is now a member of the Seventh Infantry Division.

Continuing its training, the "Bayonet" division is the only U. S. Army division that has remained in Korea since the ceasefire.

Pvt. Welch, a 1952 graduate of Chaffey high school, entered the Army last October and completed basic training at Fort Ord, Calif.

Daylight Time To Make No Change In Metro Bus Service

Daylight saving time will have no effect on Metropolitan Coach Line's streetcar and motor coach schedules, the company announced.

Effective Sunday all clocks and watches will be advanced one hour—from 1:01 a.m. to 2:01 a.m. to conform to the new time.

The number of round trips and frequency of Metro's service will remain the same, with all time tables making an automatic shift to Daylight Saving.

Budget Of $35,335 Voted By Cucamonga Fire District Board

A budget of $25,335 was adopted by the Cucamonga Fire district for the coming year at a recent meeting of the commissioners. R. T. Santolucito presided at the meeting.

Among main items included in the budget were salaries and wages, $6,100; maintenance and operation, $4,575; property and equipment, $7,660, and reserves, $7,000.

Added Facilities For City's Parks Given Approval

Additional flood lights for the Memorial Park baseball diamond and restroom facilities for Olivedale park were recommended in a recreation committee report during a recent council meeting.

Councilman Abner Haldeman, chairman of the committee, in making the report indicated the Olivedale park project should be given priority although he said "additional lighting at Memorial park diamond is absolutely mandatory."

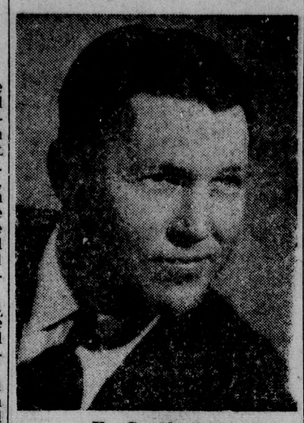

The council accepted the report and voted to refer it to the finance committee for study. They agreed the improvements should be included in the 1955-56 budget.

The flood lights for Memorial park will include two banks on two poles. They were requested by Garwood Warders, Little League commissioner, who pointed out dangers to the young baseball players from present lighting.

He also requested the restroom facilities at Olivedale park after many parents criticized the park as a Little League playing field because of this lack of conveniences.

Operation 'Cue' To Demonstrate Use Of Liquified Petroleum

E. C. Clarke

Late this month E. C. Clarke, manager of the Suburban Gas Co., Upland, will take part in operation "Cue" during a mass feeding exercise following an atomic bomb blast at the Nevada proving grounds.

As representative of a company which is a distributor of liquified petroleum products, he will assist and direct in supplying this gas to the critical test area before and after the atomic blast.

Part of the strategic plan is to have self-contained units of liquified petroleum gas at strategic points so that even though many of them are destroyed there will still be a large number available for emergency use.

Vegetable shortening mixed with home-rendered lard will help keep the lard fresh. It takes two pounds of shortening to each 50 pounds of lard.

Councilmen Amazed To Learn They Are In Dog Training Business

Councilmen are trying to figure out where a city recreation program ends and private enterprise starts, after learning they were in the dog training business during a recent session.

It was pointed out that cities have many projects. Square dancing was mentioned, under the head of recreation. These projects oftentimes put the city in business because of liability insurance carried by the cities. Before such a project can be authorized it must be covered under the liability insurance carried by a city, according to law.

When Raymond McGinnis was granted permission to hold puppy obedience training classes at Memorial park recently, Councilman Don Carr brought up the subject of the $10 charge.

This charge goes to the city and in turn Mr. McGinnis is reimbursed for his time.

Because of this arrangement the city is protected against any injury to patrons resulting during the puppy training sessions, councilmen learned.

After the arrangement was explained, Councilman Carr made the wry comment:

"So we're in the dog training business now."

Brown Ambulance Service Asks For Contract Approval

The Brown Ambulance service, Ontario, whose contract with the city was cancelled in June 1954, applied recently to the city council for re-establishment of service with the police department.

The ambulance company, said in a letter to the city council, that all conditions required by the city had been fulfilled and asked to be placed on the list of ambulance firms eligible to receive police calls.

The council, on the suggestion of Councilman Donald Carr, referred the matter to a committee including the police committee, Chief of Police Ralph Palmer, City Manager R. G. Manley and City Attorney Henry Busch with power to act.

Required Grade Stops Paving Of San Antonio Pl.

The preparation of San Antonio Pl. prior to paving will require a grade nearly four feet high at the westerly end and through a low spot in the middle of the street that will be objectionable, R. G. Manley, city manager, reported to the council recently.

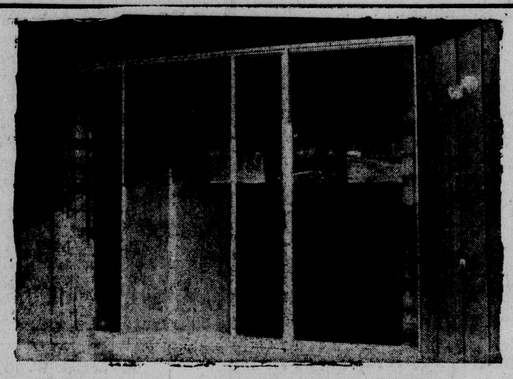

This high grade at the westerly end is necessary to allow drainage to San Antonio Ave. There is no other outlet for run-off at present, he said.

The report was made after a request for paving by property owners along San Antonio Pl. and after Leonard Smith, owner of the right of way, offered to dedicate the property.

Mr. Manley recommended the street be scraped and oiled. "Property owners south of the street will never be satisfied if the street is brought to grade," he said.

Liquor Cause Of 64 Per Cent Of Arrests In City

Liquor and fast driving mean much activity in the Upland justice court, Judge Fred H. Jacobs told members of the Upland Lions in the Upland Woman's clubhouse Thursday noon.

Sixty four per cent of all arrests in Upland are the direct result of alcohol, the speaker, who is a member of the club, said. One-third of all accidents are caused by excessive speed, Judge Jacobs added.

The speaker, who has served the local court for nearly 20 years paid a high tribute to Alcoholics Anonymous in aiding people afflicted with the 'alcohol disease" to gain a new life. He said alcoholism is more of a disease than anything else and recited instances of former drunks being able to overcome the disease by following the A program.

Local court activities are increasing, according to the speaker. He said 4,718 cases were handled during 1954 and that 1,516 cases were recorded during the first three months of this year. In addition to Judge Jacobs, the staff includes one full and one part time clerk. Traffic violators make up 92.4 per cent of all the court cases.

Much "preventive work" is infamilies, it was explained. H. L. As a counselor, he reviews many cases involving personalities and family problems and thus prevents legal trouble and broken cluded in Judge Jacobs' activities. McLellan was program chairman with President Mark Bradburn presiding.

In a post-election selection, Norman S. Lawson was chosen Lion Tamer to succeed Father Joe Erickson, Jr., who was elected last week.

Finance Committee To Seek More Taxes For Parks, Recreation

The city council recently voted that the finance committee, of the council, headed by Councilman Robert Thrall, make a study of a future increase in the tax rate for park and recreation.

Need for additional revenue for this fund has resulted in the increased recreational demands on the city parks which will continue with the steady population increase.

Councilman Thrall will report to the council upon completion of the study.

Dr. Riley's Talk On Famed College Proves Interesting To D.A.R. Party

Dr. Earl Riley, minister of the Ontario First Baptist church, and former president of Bacone college, Muskogee, Okla., was the speaker at the coffee party, Monday, of the San Antonio chapter of the Daughters of the American Revolution, held at the home of Mrs. K. A. Overton, 8619 Baker avenue, Cucamonga.

Dr. Riley illustrated his talk on the college with slides of the buildings and students. The famous college which trains Indians to teach their people is owned by the American Baptist Association. Receiving no government grant it falls to the president of the institution to raise half the budget. Indians have given most of the endowment, Dr. Riley said, and the Creek Indians gave 300 acres on which the buildings are located. He pointed out that the college was the first institution of higher learning in Oklahoma.

Olof Snyder, head of the adult education of Chaffey college, spoke on the Chaffey school district plan.

Mrs. J. R. Shinkle, regent, presided. Mrs. K. A. Overton, Mrs. E. Looker, Mrs. T. M. Lee and Mrs. F. W. Wilkoff comprised the committee.

Guests were Mrs. O. M. Feltham and Mrs. Galen Welch.

Also present were:

Mesdames F. L. Allen, W. T. Garner, H. G. Glunt, W. B. Harvey, W. F. King, C. A.? Mayo, R. C. Patterson, T. Reichardt, E. S. Seapy, O. B. Thomson, G. F. Underwood and E. B. Williams.

Penn. Society Seeks Entrants For Queen Race

Mrs. Donald Berg and Mrs. H. B. Denham of the Pennsylvania State Society are receiving names of entrants for Queen of Pennsylvania. There are 12 entries now registered.

Those eligible are girls between the ages of 16 and 25 years, married or single, who were born in Pennsylvania. May 1 is the final entry date and those entering will be judged, after instruction in modeling, at the G. E. Recreation hall. Applicants should phone Mrs. Berg at 62-3225 of Mrs. Denham at 6-7406.

Work Of Guilds Subject Of Talk

Father Michael J. Brown was the speaker at the Thursday evening meeting of St. Teresa's guild of St. Joseph's church, at the home of Mrs. Percy Miller, 588 Tulare way.

His talk was on the spiritual aspects of the work of the guilds and on the confraternity of Christian doctrine in relationship to all the guilds.

Mrs. Bennett McMullen, captain, presided over the business session.

Mrs. Dominic Pugliese and Mrs. Howard Gielow were welcomed as new members. Fourteen members were in attendance.

St. Philomena's guild of the church met recently at the home of Mrs. Lewis Gagne, 291 Euclid place.

Mrs. Peter Ticich presided. Refreshments were served following the business meeting.

Mrs. Lewis Hostess To Sewing Circle

Making tea towels occupied members of the sewing circle of Mary Brainard Tent, Daughters of Union Veterans, at their recent meeting at the home of Mrs. Viola Lewis, 1051 East Ninth street.

A potluck luncheon was served at noon.

Present were Miss Elizabeth Griggs, the Mesdames Leona Smith, Lottie Fuller, Clara Tilden L. D. Johnson, Ida Stevens, J. H. Hinshaw, Edna Pinson, Marie Hayden, T. D. Maxwell, George L. Johnson and the hostess.

Robert Van Ness Celebrates 76th Anniversary

Robert E. Van Ness of 561 North Eighth avenue, observed his seventy-sixth birthday on Sunday when he was honored at a barbecue dinner in the patio of the Van Ness home.

Guests were Mrs. E. M. Everett, who is the foster daughter of Mr. and Mrs. Van Ness, Mr. Everett of Balboa Island; their daughter and her family, Mr. and Mrs. Robert Wagner, Mark and Craig of Whittier.

After dinner Mr. Van Ness unwrapped gifts the guests had brought to mark the occasion.

Sliver Links Plan Many Activities

Silver Link Rebekah lodge met Friday evening at the Odd Fellows hall with Mrs. Charles O. Deverts, noble grand, presiding. Mrs. Watts Cate was in charge of refreshments.

Arrangements were made for a social meeting at the home of Mrs. Everett Morrison of Fontana. Other plans discussed were for a rummage sale at the Odd Fellows hall, to be held May 6 and May 7.

There will be a reception tomorrow evening for Mrs. Fred Bradley, of Claremont, district deputy.

A potluck dinner will be held May 13, at 6:30 p.m. at the Odd Fellows hall.

The Celsius scale of temperature is the same as the Centigrade scale, in which the freezing point of water (32 degrees Fahrenheit) is zero, and the boiling point (212) degrees Fahrenheit) is 100 degrees.

Bible Class Comes To Upland For Meeting And Duck Dinner

Mr. and Mrs. A. W. Jefferies, Twenty-fourth and Foreman streets, were hosts at a duck dinner Friday at 12:30 p.m., to members of the Women's Bible class of the First Christian church of Ontario. Tasteful decorations of roses and stock were used. L. L. Sturgis gave the blessing.

Mrs. D. D. Stevens, president, called the meeting to order and the class sang, 'Blessed Be the Tie that Binds." Mrs. A. I. Jorden lead the prayer. Program chairman was Mrs. A. F. Hoeton.

Assistance League Board At Luncheon

Board members of the Assistance League of Upland met recently with the board of the Pomona Valley Assistance League and officers of the National Assistance League for luncheon at the home of Mrs. Connolly Dobson in Claremont.

Main business was the discussion of the by-laws of the National League.

Local women in attendance were the Mesdames Lyle W. Callow, president, Neal Lashlee, Jack Clark, Carlton Appleby, Paul Hofer, Jr., Wayne Cameron, John Armstrong, Jr. and C. Russell Eck.

Sudden Death Takes Ben Byer, Former Upland Resident

Funeral services were held April 20 in the Pasadena Brethren in Christ church for Ben Byer, former Upland business man, who died Saturday evening at his home, 1709 Monte Vista, Pasadena, following a heart attack. He was 72 years of age.

A native of Michigan, Mr. Byer came to Upland when a young boy and lived here for many years. He was active in the Brethren in Christ church, and was one of the founders of the church in Pasadena. He is survived by his wife, Adeline Burkholder Byer; one daughter, Mrs. Price Trautwein of Pasadena; and two sons, Herbert Byer of Pasadena and Lowell Byer of Seattle, Wash.

The Rev. John Raser, the Rev. Amos Buckwalter and the Rev. Alvin C. Burkholder conducted the service. Entombment followed in Belleview mausoleum.

Costa Rica, with a population of 850,000 boats, it has more teachers than soldiers.

Schneider, F. C. Buffington, Ora Sampson, Clara Schaffner, Emma Lambert, Dora L. Hilbert; Mr. and Mrs. J. Hoy, Dr. and Mrs. Ralph Lee and Miss Debbie Cooley.

LOW FLIGHTS

Airplanes landing on the Sea of Galilee (680 feet below sea level) or the Dead Sea (1,286 feet below sea level) are flying far lower than submarines can dive in the oceans.

Statewide?

...SURE, BUT LOCAL TOO!

Here's another way we serve San Bernardino County...

Last year our bank approved 37,513 personal loans—totaling more than $41,000,000—to residents of San Bernardino County. This money was used to meet unexpected bills... straighten out family finances... to pay for baby's arrival... and for hundreds of other worthwhile purposes. Whatever their need, these people found they could look to Bank of America for quick financial help. Here is another way in which our bank serves San Bernardino County.

Plenty Of Light In His Darkness

Resourceful Blind Minister Has Wonderful Philosophy

by Gerry McGeer

Since 1937 The Rev. James E. Crane, 241 S. Second avenue, has been completely blind. For nearly 20 years he has been unable to distinguish light from darkness. The cheerful minister, who is 75, has never let his blindness get him down.

'You'll never find me with the blues," he says. "Sometimes we have had a hard time financially, but we're happy and thankful to be healthy at our ages."

Mr. Crane and his wife, alone now, came to California from Arkansas 16 years ago to join two of their daughters. They have lived in Upland four years and one daughter, Mrs. George Bowman also lives here. They have several children and grandchildren.

Born in Green county, Illinois, in 1880, the Rev. Mr. Crane moved with his family to Arkansas when he was seven. He got his education there and was a farmer. When he became an ordained minister of the Seventh Day Church of God he combined his preaching with farming.

He continues to preach at the Pomona church. Though he accepts no money, he shares the duties of the church with another minister. Together they also hold Sunday services at a Baldwin park rest home.

Adjusting himself to a life of darkness was no problem for the Rev. Mr. Crane. He lost the sight of his left eye first. Within 10 years he was totally blind.

After four lessons he had learned to read Moon Braille, and though he has learned to read modern Braille since then his most prized possession is his Moon Braille bible, which he bought at some sacrifice. It is contained in 56 books, each one about the size of a record album.

He sits, as we found him, his left hand almost caressing the words. Each week he reads from 65 to 115 chapters.

Recently he has found a new interest, and while it will give him a hobby that should prove mildly lucrative, he has no intention of giving up his church work.

Mrs. Marian Hughes of the California State Department of Education has recently taught Mr. Crane to make belts and suspenders. His work, after a few lessons, is excellent and he is now planning to learn leather lacing and the making of handbags, and billfolds.

The years sit lightly on the Rev. Mr. Crane. His kindly philosophy shows in his face and in his tolerant attitude to people of other faiths who live in his neighborhood.

"We have wonderful neighbors," he says. "Whatever their religion I find them all good people."

Overhead On Fido Increases As Rabies Shots Go To $1.50

The overhead on dog ownership became greater in Upland recently with Fido's rabies shots advancing 50 cents, according to a notice from the Orange Belt Veterinary Medical Assoc. to the city council.

The association notified the council that future shots will be $1.50 instead of $1. Rabies shots are required for all dogs being licensed under a city ordinance.

Navels Steady As Valencias Start To Reach Market

The California navel orange market continued about steady during the week ending April 23 but a slightly easier trend developed towards the latter part of the week, particularly on small sizes.

Reflecting somewhat lighter arrivals, sales by Sunkist Growers declined around 50 cars from those of last week, leveling off at 725 cars. Average prices on fruit sold in interstate channels were generally quite steady at around $5.00 a box f.o.b.

The Navel Orange Administrative committee set the prorate on Southern California navel oranges at 750 cars for the week ending April 30. A few scattered shipments, representing final movement of the 1955 Central California navel crop will also move to market.

General maturity of the new crop of Central California valencia oranges was announced by the Valencia Orange Administrative Committee and shippers in that area were allocated 300 cars for shipment under regulation during the week ending April 30. Early maturity shippers in Southern California have been allotted 75 cars of valencias for shipment and it is estimated from 75 to 90 cars of "Desert" valencias will also move out of California and Arizona next week.

Greyhound Bus Lines Changing To Daylight Savings Time Sunday

Pacific Greyhound Lines' bus schedules will operate on Daylight Saving Time effective Sunday in those areas observing the time change, according to an announcement made this week by Glen G. Magnuson, general traffic and sales manager of the company.

Arrival and departures listed in the bus company's time tables, and clocks of Pacific Greyhound depots in the areas affected will coincide with Daylight Saving Time.

$60,000 In Upland School Bonds To American Trust

The American Trust Co., San Francisco, was successful bidder Monday for $60,000 in Upland elementary school district bonds recently placed on the market by the county board of supervisors.

The trust company's bid was 2 per cent interest rate with a premium of $10.

The Bank of America bid 2½ per cent interest with $351 premium; Wheaton & Co., Los Angeles 2½ per cent interest and premium of $810; H. P. Work & Co., Los Angeles, 2½ per cent interest and premium of $833, and Heller, Bruce & Co., Los Angeles, 2 per cent interest and premium of $107.

This brings to $270,000 the amount of bonds sold from the $350,000 authorized by voters in a bond election Jan. 30, 1953. The first sale was for $160,000 and the second for $50,000.

Between $30,000 and $40,000 of the $60,000 sale will be used for construction of a shower room-dressing room addition to Upland Junior high school.

Bicycle Accident Deaths Heaviest Among Children

All but four of the 27 bicyclists killed in traffic within the state last year were under the age of 15, according to the highway patrol.

"Before permitting children to ride bicycles, parents should be certain that the youngsters understand traffic laws and will obey them. This is the first requirement for avoiding traffic accidents," B. R. Caldwell, California highway patrol commissioner cautioned.

He listed a series of eight safe bicycling rules to be taught and followed:

1. Ride with traffic, keeping as far to the right of the roadway as possible.
2. Do not weave or stunt. Ride in a straight line.
3. When riding with friends, travel single file.
4. Put books and packages in a carrier attached to the bicycle, and never carry passengers on a bicycle.
5. Obey all traffic signs, signals and traffic laws.
6. Never hitch onto trucks, automobiles, or other moving vehicles.
7. If it is absolutely necessary to ride at night, have a good head lamp and rear reflector.
8. Never use a bicycle that is not in good condition.
